

Publication Fees

Publication of images of *East Texas Research Center* materials is subject to approval and fees may be charged for such use. "Publication" includes the following media: print, electronic/digital, videotape, film, or microform. Permission to use images must be obtained in advance and in writing from the *East Texas Research Center* by completing the appropriate "Notification of Intent" form. These fees are separate from any which might be assigned/assessed by the copyright holder.

Fees are assessed in addition to photo duplication costs, are for non-exclusive use, and must be paid in advance of publication. Only those images actually used in publication are subject to these fees. If a request covers more than one publication or project, then additional fees will apply. Publication fees are waived for theses, dissertations, student projects, and for Stephen F. Austin State University faculty, staff, and students (up to \$750).

Fees are for per image.
